| Description              | Page |
|--------------------------|------|
| Power Input              | 3    |
| Power Supply Status      | 3    |
| LCD Contrast             | 3    |
| Analog Reference Voltage | 3    |
| RESET Switch             | 3    |
| Clocking                 | 3    |
| UART Transceiver Status  | 3    |
| Buzzer                   | 3    |
| ATMega ZIF               | 4    |
| MicroController PORTs    | 4    |
| Matrix KeyBoard          | 5    |
| Seven Segment            | 5    |
| LCD Display              | 5    |
| ATMega Programmer        | 5    |
| UART Transceiver         | 5    |
| PS2 Keyboard Connector   | 5    |
| Real Time Clocking       | 6    |
| Temperature Sensor       | 6    |
| UART Connector           | 6    |
| I2C 7Segment Switch      | 6    |
| UART-Programmer Switch   | 6    |
| ADC Input                | 6    |
| Analog Comparator Input  | 6    |

|                                       |                            |  |
